Accreditation / CME / MOC

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Florida Medical Association and the Florida Gastroenterologic Society. The Florida Medical Association is accredited by the ACCME to provide continuing medical education for physicians.

The Florida Medical Association designates this live activity for a maximum of 11.5 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component enables the participant to earn up to 8.5 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to the ACCME for the purpose of granting ABIM MOC credit.

Educational Objectives

Upon completion of this course, participants should be able to:

- Evaluate current and future treatment and therapy options for inflammatory bowel disease
- Describe the latest approaches for the treatment of hepatitis C virus
- Recognize new innovations in endoscopic resection of complex polyps
- Discuss current approaches to new policies in liver transplantation
- Comprehend new information on the advances in fatty liver disease
- Understand the new advances in prevention of ERCP pancreatitis
- Understand dietary therapy for eosinophilic esophagitis
- Identify complex radiologic cases in GI and liver diseases
- Understand the role of medical marijuana in the GI practice
